

The Illinois
District Council
Of The Pentecostal
Assemblies of the
World, INC.

Bishop Horace E. Smith, M.D.,
Diocesan

March 21, 2020

Praise the Lord IDC Pastors, Leaders, & Lay Members,

I pray this email finds you and family doing well even in the midst of the current International Pandemic. We know and believe, God is in control and there is nothing too hard for him. He is yet a “Healer” of “Mind, Body, Soul, and Nations”. While trusting in God and holding strong in our Faith, not Fear we must abide by and govern ourselves under the direction of the CDC and our Public Health Authorities.

Depending on the size of the congregation, some of our churches have made the decision to suspend services during the time specified by the Government. As the shepherd of your flock lead as the Lord guides you. Please pay attention to the risk factors and guidelines of the CDC when making your decisions to fellowship. Practice social distancing, hand washing and sanitizing. We have all seen the reports on the news.

If you have not had the chance to view the information posted by our Diocesan, you can look it up by searching “youtube Bishop Horace Smith Covid 19”. We want you to all be in good health, prosperous and being a help to our families and communities. Please don’t hesitate to reach out to me and as Bishop Smith has stated, his staff if necessary. We are here to encourage and support one another.

If your church is not having service please feel free to view virtually Bishop Smith @ 8am and 11am or Rehoboth, my service, @ 10:15am. I pray God's protection and favor upon you , your families and your church ! Grace and peace until we meet again!!

Blessings,

*Suffragan Bishop Yolanda Hunt,
IDC Chairperson*
